

## Primary Conference

Our primary conferences always provide outstanding opportunities linked to topical developments in primary science teaching along side time to talk and share ideas with other primary practitioners.

**Our future; their hands**

**Their hands; our responsibility**

- If we want people with the skills to solve the challenges we are facing, what are we doing to develop those skills?
- Launching the Cheshire & Stockport and North Midlands Computing Hubs
- Supporting science education across the region

### Outcomes

The conference offers opportunities to discuss current good practice in primary science, recognise your own good practice and identify areas for development and reflect on ways to translate ideas to your school context and plan for action.

“A well run course with a pick of some useful insight into assessment in science and confirmation of current direction in school. Hands on practical activities were good as examples of how to teach knowledge without resorting to PowerPoint”

Craig Turner, 2016 participant

**Date:** 7th February 2020, 9.15am – 3pm

**Location:** The Alexandra Stadium, Crewe,  
Gresty Road, CW2 6EB

**Pricing:** £75.00 per person.  
Book before 13<sup>th</sup>  
December for an  
early bird offer -  
£60.00 per person

# What are you looking for?

## PROFESSIONAL DEVELOPMENT

We offer high-impact professional development across the UK, and online, based on the latest developments in both pedagogy and STEM subjects. We can also tailor professional development to your school's specific needs with our bespoke CPD.

## CAREERS EDUCATION

As well as a host of excellent resources on our website including the Careers Toolkit, we also run the STEM Insight programme to give you a unique experience in industry or university through inspiring placements.

## INSPIRATION

We've got a host of ways to help you inspire your students: why not bring a STEM Ambassador into your school to talk about STEM subjects and careers, or start a STEM Club to build confidence and teamwork skills?

## COMMUNITY

Share your ideas and challenges with teachers and technicians through our online groups and at our networking events. And join us on Twitter - we have over 20,000 like-minded educators following us.

National STEM Learning  
Centre and Network

## RECOGNITION

Our recognition schemes and awards allow you, your department and school to showcase the impact you have on your students and colleagues.

## RESOURCES

We have over 38,000 quality, STEM teaching resources, available online or at our centre. You can also browse teacher-made resources and submit your own.

STEM Learning operates the National STEM Learning Centre and Network, alongside other projects supporting STEM education
